

To Whom It May Concern,

I respectfully urge the FCC to reject the NAB's petition 04-160! My wife and I benefit from listening to our XM Satellite Radio. We enjoy the traffic & weather channels. These channels provide us with variety and quality that aren't available on other bands. We also pay a fee for this service and it shouldn't be up to the NAB to dictate what we are permitted to hear. Again, I urge the FCC to REJECT the NAB's petition 04-160 and please support XM's ability to provide instant traffic and weather channels to its listeners!

Sincerely,  
William Hull
